

The MultiCultural Center Presents

Holistic Safety Plan Community Series

Gather & Ground: HSP Community Dinner

Thu, Jan 29, 5:30 PM
MCC Lounge

Join us for a grounding community dinner designed to center connection and collective well-being during the busy midpoint of Winter quarter. Together, we'll share a meal, reflect on the needs and experiences within the MCC and across campus, and uplift one another in a supportive space. Guided by the MCC's Holistic Safety Plan, which centers the principles of disability justice, trauma-informed care, and restorative justice, this gathering invites us to build community and imagine possibilities for care and collaboration.
