# THE FEMINIST ON CELL BLOCK Y

Richie Reseda is a convicted felon who had served time in an all-male prison in Soledad, California, for armed robbery since he was a teen. "The Feminist on Cellblock Y," a documentary produced by filmmaker Contessa Gayles, follows Reseda and his fellow inmates as they participate in a rehabilitation program centered around feminist literature. "We cannot challenge our harmful behavior without challenging patriarchy," Reseda says in the film. *The screening of this film will be followed by a panel discussion featuring coaches from the Success Stories Program. Co-sponsored by Pages for Individuals in Prison, Success Stories Program.*
