

THE UCSB MULTICULTURAL
CENTER PRESENTS
CUP OF CULTURE

Saul Williams and Anisia Uzeyman direct this Afrofuturist sci-fi punk musical, that takes place in the hilltops of Burundi, where a group of escaped coltan miners form an anti-colonialist computer hacker collective. Set between states of being – past and present, dream and waking life, colonized and free, male and female, memory and prescience – *Neptune Frost* is an invigorating and empowering direct download to the cerebral cortex and a call to reclaim technology for progressive political ends. *Co-sponsored by KCSB.*
