

UCSB MULTICULTURAL CENTER PRESENTS
CUP OF CULTURE SERIES

women of EARTH

Mayara grew up in Sao Paulo, the largest city in Brazil and Latin America. She was a teenager surrounded by millions of people, technology, and everything the modern world could offer. But she still felt empty. In search of Brazil's roots, she traveled to indigenous, *quilombola* (communities founded in 19th century by runaway slaves), and rural communities. She was searching for women who could answer her questions. She found them. She calls them, *Women of Earth*.
