# A DEI ARTS AND CRAFT PRINTING WORKSHOP

Arts and crafts are tools for self-expression and a means to understand the world around us. This fun and interactive workshop will teach children about Diversity, Equity, and Inclusion, along with the meanings behind symbols. Children will create their own hand-made prints by using a printing press. Five years and older are recommended, but all are welcome to participate.

Jesse Avila received his BA in Art from the University of California Santa Barbara and is currently pursuing his Master's in Organization and Leadership in Higher Education at the University of San Francisco. He is also the Interim Program Director and Office Manager for the UCSB MultiCultural Center where he bridges his passions for social justice programming with the arts.
