

THE UCSB MULTICULTURAL CENTER AND
THE EDIBLE CAMPUS PROGRAM PRESENT

Children's Event

CONNECTING TO OUR FOOD

GARDENING, COMPOSTING, AND FOOD JUSTICE

This quarter's children's and family event will focus on the food we eat and all ages are welcome to participate. We will learn the basics of gardening, explore worms through composting, and learn about food justice. Afterwards, participants will then get to taste the food they planted (MCC Courtyard). Participants will also take away gardening starter kits and one of many children books related to food justice and gardening as tools to learn how to eat and stay healthy. After all, if you want to feel good, you have to eat good!

SAT APRIL 30TH, 12PM MCC LOUNGE
