

UCSB MULTICULTURAL CENTER PRESENTS
DIVERSITY LECTURE

Plantation Politics in STEM

**Dr. Chanda
Prescod-
Weinstein**

In this talk, Dr. Chanda Prescod-Weinstein will consider the history of STEM and current frameworks around diversity and inclusion in context of the history of slavery and settler colonialism in the United States and beyond. They will point out the ways in which the past lives on in our present institutional structures and identify features that might characterize an Afrofuturist STEM.
