CENTER PRESENTS

AN EVENING OF POP & R&B WITH

Thuy ♥

Vibrant Vietnamese-American singer/songwriter Thuy is setting herself apart in today's pop R&B scene. At age 9, she knew she wanted to be a pop star, but had no examples to look up to who looked like her. After a chance visit to a studio, Thuy finally saw what a professional career in music could look like and in no short time, recorded her first record, "Hands on Me." Since then, she has released several records showcasing her angelic vocals, skillful songwriting, and modern R&B stylings. Having amassed over 75 million global streams and garnered support from premier publications and playlists, Thuy proves that her celestial voice and knack for earworm melodies are here to stay. *Co-sponsored by the Vietnamese Student Association (VSA).*
