Tony's Wheels

SPECIAL GUEST:
ANTONIO
"TONY" FLORES
A.K.A THE REAL
LIFE TONY!

Inspired by a true story, Tony's Wheels follows a boy who moves to Canada from the Philippines and becomes successful in wheelchair racing. He becomes so good he gets to join the National Canadian Team. While competing internationally, Tony meets para-athletes from his old country and notices that their equipment is old and heavy. Tony wins the race, but how does he treat his competitors? Author Mila Bongco-Philipzig celebrates stories of migration and travel, culture, heritage, and traditions. Born and raised in Manila, she currently lives in Edmonton, Alberta, Canada, and is a passionate advocate for human rights and inclusion.
