The MultiCultural Center presents

COMBINE THE SCIENCE OF LEARNING WITH THE POWER OF TECHNOLOGY FOR LESS STRESS & MORE SUCCESS!

USING AI TO ENHANCE LEARNING

INSIGHTS FROM BRAIN SCIENCE AND EDUCATIONAL RESEARCH

Whether you're new to AI or looking to strengthen your study strategies, this interactive workshop will help you combine the science of learning with the power of technology to make your college experience more efficient, engaging, and sustainable. You'll explore how tools like ChatGPT and other AI platforms can enhance your learning when used thoughtfully and responsibly—and discover how your brain learns best through insights from neuroscience and educational research.
