

The MultiCultural Center presents

COMMUNITY Earth Day CELEBRATION

Please join us in celebrating Earth Day in collaboration with Isla Vista Parks and Recreation and the St. George Youth Center. Bring your family and friends to enjoy delicious food and be in community with one another while celebrating our beautiful earth. We will have activities for children, including making edible mud pie desserts, potting plants, and a brief presentation about the history and importance of Earth Day. Each child will be sent home with their own plant and DIY gardening kit to start their very own garden at home.
